

Head Digital Practice Switzerland

Your role

Do you excel at leading and motivating regional change teams? Are you experienced at digital transformation across functions, divisions and do you have a strong consulting or change management background? Can you cope with organizational development, leadership and active project management at the same time? Are you passionate about leading diverse teams?

We're looking for someone like this to:

- lead Digital Practice teams in Switzerland
- build trust and strong working relationships with senior business and technology stakeholders throughout the firm
- direct the portfolio of work for your teams; including pipeline management and relationship management
- develop the organization, the consultants and the regional footprint based on internal demand, global developments and trends
- ensure that your team delivers engagements in the highest quality and designed to have sustainable impact for the firm

Your team

Group Internal Consulting is UBS Transformation Powerhouse, providing professional internal consulting, project management and execution services to all business divisions and functions on a global level. In the ongoing transformation of the financial industry, we aim to be a differentiating factor for UBS by ensuring targeted, impactful and efficient processes and change.

With over 700 people across the globe, we contribute to relevant and impactful projects, apply a firm-wide perspective and shape our own environment

You will be working in the Digital Practice unit of Group Internal Consulting, a dynamic, driven and diverse team of professionals. Our practice helps UBS business divisions and functions to shape and implement their digital strategy in the areas of emerging technologies such as Artificial Intelligence (AI), Advanced Analytics, Cognitive Automation and Blockchain as well Risk Modelling and UX/UI Design. Operating at the intersection of business, technology and innovative thinking, we are uniquely placed to combine the power of emerging technologies with a profound understanding of UBS business and change management practices to deliver sustainable digital transformation.

Your expertise

- ideally 15+ years of professional experience of which 5+ years consulting experience with a leading consulting firm in the area of digital transformation and new technologies.
- significant experience in financial services; and knowledge of the firm's various business divisions and functions
- proven management and leadership experience
- excellent relationship management and presentation skills
- strong ability to adapt and network across a global organization
